

Case Study 7

Issues and Challenges of Corporate
Social Responsibility and Sustainability
in the ICT Sector: New challenges for
Engineers in the 21st century

Communication Skills - Activity 2

Presentation of our team

Our team is composed by:

- Sandra Yuste (Spain)
- Dominik Nezník (Slovakia)
- Máté Módos (Hungary)
- Todor Stoev (Bulgaria)

Sandra Yuste

- Master student of Telecommunications Engineering at Universitat Politècnica de València (UPV) - Spain
- I like to help others as much as I can: I am student representative, member of a local association and mentor of exchange students in my university
- Love to travel, to visit different places and to meet new people

Dominik Nezník

- Study:
First year of PhD study at “Technical University of Košice”
- Work:
Personal assistant (people with disabilities) after school duties
- I like do some sports (squash, football, cycling). Watch movies or serials.

Máté Módos

Work:

Enterprise Applications Engineering Specialist,
Scrum Master
General Electric, GE Digital

Study:

Electrical Engineer MSc.
Széchenyi István University, Hungary

Volunteering:

Local Representative,
Erasmus Student Network Győr

Todor Stoev

Study:

- First year student at "University of Telecommunications and Post" in Sofia, Bulgaria.

Work:

- Currently working at Festo, a worldwide corporation and a leading supplier of pneumatic and electrical automation technology.

Interest:

- I love learning about new things in the IT sector. I enjoy cooperating and helping others. Most of the time I am steady minded, reasonable and responsible person.

Strengths vs Weakness

Division of the work

Different point of view

Multicultural experience

Interest in the selected topic

Personal life

Bad coordination

Time management

Thank you for your time!
